2	Minutes of meeting held on 1 February 2024 & matters arising ( <b>Paper 2</b> ) <ul style="list-style-type: none"><li>Membership and Terms of Reference of new EDI Forum Committee (<b>Paper 3</b>) Review</li></ul>	
3	Chair's Report ( <b>Paper 4</b> ) – WM  Chair was read by WM, it was agreed that in the future not to read the Chair Report summary but to ensure the report is sent to the forum membership to review prior to attending the session.	AP-EDI to ensure minutes and reports are sent to at least 1 week prior to meeting
4	<b>New EDI Strategy (Paper 5) – WM and LC</b>  LC and WAM outlined the key elements of the new EDI strategy, highlighting that the Imperial values are at the heart of the new EDI strategy. The 7 key themes of the strategy plus one from the Imperial Strategy; <ul style="list-style-type: none"><li>Imperial Training and Monitoring</li><li>Imperial inclusive Recruitment</li><li>Staff Research and Teaching Culture</li><li>Student Experience, Community and Culture</li><li>Support, Empower and Celebrate</li></ul>	

	<ul style="list-style-type: none"> <li>• Visibility Beyond Imperial</li> <li>• Imperial Community Cohesion</li> <li>• Imperial Talent - (From the Imperial Strategy)</li> </ul> <p>LC highlighted that having been at Imperial for 33 years the culture has changed enormously. Our role as AP-EDI can only be to 'assist, monitor, guide and influence'. Through regular communications with various faculties, departments and networks we aim to effectively identify the current working practices and work with appropriate teams to determine how to make them more inclusive for everyone at Imperial. The presentation was followed by a forum discussion of the EDI Strategy using the breakout rooms.</p>	
	<p><b>New EDI Strategy Feedback (Zoom Breakout Rooms)</b></p> <p>WM outlined the new format of engaging and capturing EDI forum member whilst gaining their thoughts and views on the new EDI strategy. The session incorporated the use of zoom breakout rooms to create small groups discussion of the 8 key areas and padlet as a means of capturing the key points from each themed discussion. The discussion were on:</p> <ol style="list-style-type: none"> <li>1. EDI Strategy: the forum was asked to discuss the 7 areas of the EDI strategy and submit via padlet, a summary of the points of the key ideas from their groups</li> <li>2. EDI Forum format</li> <li>3. Equality vs Equity for the E of EDI</li> </ol> <p>Responses from the discussion are available at <a href="https://padlet.com">EDI Vision (padlet.com)</a>. A summary of the key themes in Paper 3-</p> <p>The forum was sent to the breakout room to discuss, and returned to provide a brief summary of some of the key points from their discussion.</p>	
5	<p>Future Structure of the EDI Forum –</p> <p>To discuss the forum structure and format, the group was again divided and asked to focus on:</p> <ol style="list-style-type: none"> <li>1. Please comment on the current format of the EDI Forum</li> <li>2. How can we make the EDI Forum more inclusive?</li> <li>3. How can we make EDI Forum more effective?</li> </ol> <p>Responses from the discussion are available at <a href="https://padlet.com">EDI Vision (padlet.com)</a>. A summary of the key themes in Paper 3-</p> <p>Generally, it was felt that the use of the breakout rooms had effectively facilitated better engagement and discussion and should be used in the future. Other points included ensuring that the notification of topic areas that to be discussed and using a variety of in-person events for the forum. Some suggestion that the forum could be more frequent (monthly/ every six weeks) for shorter duration (1 hour). The forum would then consist of 1 or 2 topics for discussion and could include presentations from specific departments or groups providing evidence of best practice.</p> <p>Final discussion point was to look at the potential for changing the name from Equality to Equity.</p> <p>JPC stated that Equity is the desired outcome but would be reluctant for us to just change the name from Equality to Equity without a clear strategy for</p>	

	<p>demonstrating the steps needed for making the transition. The change has wide-reaching implications and therefore we need to first clearly outline the steps and then start working towards the change we want to see. SCh highlighted the clear distinction between Equality and Equity, suggesting that we need to recognise the fairness of opportunity with the equality of outcome. Equality is the starting point and equity is the end objective, i.e. it's more than just getting people through the door, it's about engagement and inclusion. . LE highlighted the nuances of the English language and suggested caution before consideration of any type of change. Effectively the generally principle of equity was supported by most but all felt that a clear strategy to achieve this objective is needed.</p>	
6	<p>AOB</p> <p>SLe asked for an update on the Freedom of Speech Working group and how it impacts the various groups within the university. WM will invite a member of the FoS working group to attend.</p> <p>NB New government has suspended this HE FoS actions with the OfS –</p> <p>LE ask for a look at the nomination structure for the President and Provost Excellence Award. LC stated that we would need to get the data over the past 5 years to determine winners. Not sure that we can get information of those nominated but look at the proportions. LE stated that previously she had prepared a guideline for how to write unbiased references, but it does not seem to have been taken up. LE suggests that a total review of the recognition systems is needed. JPC highlighted that as the applications are not public documents, this may mean they are not subject to the same level of scrutiny but would be happy to do an evaluation to gain a better picture of the situation. LR, had previously worked with LE, and mentioned that regarding female promotion, the lack of recognition for their work within the EDI space meant that many no longer felt they could engage in EDI-related activities. This is a real 'own goal' as many have become disillusioned and stopped engaging as their efforts are not being recognized or rewarded. JT suggested having a forum discussion to raise awareness of these issues at the start of the nomination process could be a possible intervention to foster a behavioral change at this crucial timepoint.</p>	<p>Ask member of the FoS to attend a future forum and provide update of the FoS status.</p>
