FOI request and response, IMPFOI-24-307, MBBS Year 5 examinations

Please provide me the MBBS Exam Statistics for A100 Year 5 examinations. Please provide these for 2021, 2022, 2023.

1. Number of students sat for the Pathology examination and specialties written examinations and PACES examination

2. Number of students sat the resit exams for the pathology examination and the specialties written examination and PACES examination

3. Number of students left the course due to the failure in either the pathology examination and/or specialties written examination and/or PACES examination

4. Number of students allowed to repeat 5th year

5. The pass mark for the pathology and written specialties and PACES examinations

6. The average mark in the pathology examination and the written specialty examination and the PACES examination

7. The number of the students who attained the full 5% available for attendance in the pathology module.

Please note that the 5% in the Pathology module is for the engagement and feedback assessment (EFA) which is not a must pass component. It was designed as an incentive for students to attend but it isn't monitored specifically, so no data is held. The marks provided below (Pass mark and Mean score) factor in this 5%, together with the 95% which is for the exam.
