

# Cyclescheme City Bike Hire

## Helping you cycle in London for less

**Introducing Cyclescheme City Bike Hire - the UK's first cycle to work scheme for city hire bikes. You can make significant savings on the cost of Santander Cycles yearly membership.**

-  Save 32-42% on the cost of Santander Cycles yearly membership
-  Spread the cost over 12 months - it costs from £1 per week
-  Suitable to use alongside other modes of transport

If your cycle journey is less than 30 minutes, it's covered by your membership. If it's longer, you'll pay £2 for every 30 minutes cycling. You will also get quicker access to Santander Cycles as you don't need to use terminals. Plus, you can check all recent trips and charges via the app.

### How does it work?

To join Cyclescheme City Bike Hire:

1. Apply for Cyclescheme [in the normal way](#) using your employer's name or employer code
2. Select 'Cyclescheme City Bike Hire scheme' and submit your request
3. Your employer will review your request and, if approved, we'll send you a code for 1-years Santander Cycles membership

Once approved, your employer will recover the cost from your salary in monthly instalments which generates a 32-42% saving. To understand how salary sacrifice creates savings, check out our [FAQ on the topic](#).

### Frequently Asked Questions (FAQs):

**Q:** Do I have to use the Santander Cycles bikes for commuting and work trips only?

**A:** No, you can use the bikes for leisure too - but the majority of trips should be work related.

**Q:** Can I use Cyclescheme City Bike Hire alongside standard Cyclescheme?

**A:** Yes, in most cases you can have a standard Cyclescheme agreement concurrently with a City Bike Hire agreement.

**Q:** Do I have to spread the cost over 12 months?

**A:** Yes, in most case you will undertake a 12-month repayment plan - employers can reduce this, but it is not the norm.
