

PEER-REVIEWED PAPERS

- Benn J; Arnold G; Wei I; Riley C; Aleva F. (2012). Using quality indicators in anaesthesia: feeding back data to improve care. *Br J Anaesth*.

CONFERENCE PRESENTATIONS

Future

- EFFECTIVE USE OF QUALITY INDICATORS IN ANAESTHESIA: STRUCTURE AND PSYCHOMETRIC PROPERTIES OF AN EVALUATIVE SURVEY. Joanna Moore, Danielle D'Lima, Glenn Arnold, Jonathan Benn. (*Oral Presentation, ISQua 2013*)
- DETERMINING THE IMPORTANT CHARACTERISTICS OF QUALITY MONITORING AND FEEDBACK TO IMPROVE ANAESTHETIC CARE. Danielle Dlima, Joanna Moore, Glenn Arnold, Jonathan Benn. (Poster Presentation, ISQua 2013)

Past

- D'Lima, D., Moore, J., Arnold, G. & Benn, J. *Determining the important characteristics of quality monitoring and feedback to improve anaesthetic care*. Oral presentation accepted at International Society for Quality in Healthcare Annual Conference, Edinburgh (2013).
- D'Lima D., Moore, J., Arnold, G. & Benn, J. *Performance feedback to healthcare professionals: What supports behaviour change?* Oral presentation accepted at European Health Psychology Society Annual Conference, Bordeaux (2013).
- D'Lima, D., Moore, J., Arnold, G. & Benn, J. *Impact of a local quality monitoring programme in anaesthesia: A mixed methods evaluation*. Oral presentation at Evidence Based Peri-Operative Medicine (EBPOM) Annual Conference, London (2013)
- D'Lima D, Sacks M, Blackman W & Benn J (2013). *The Reliability of Surgical Swab Counting: The Scrub Nurse's Perspective*. Poster at the BMJ Quality and Safety Forum, April, London, UK.
- Benn, J., D'Lima, D., Moore, J., Wei, I., Arnold, G. (2013). Improving the quality and efficiency of perioperative care. International Forum on Quality and Safety in Healthcare, 16-19 April 2013, London.
- D'Lima, D., Moore, J., Arnold, G., Benn, J. (2013) Feedback and behaviour change: How can we support healthcare professionals to make improvements? European Health Psychology Society Annual Conference.
- Moore, J., Dlima, D., Arnold, G., Benn, J. (2013) Evaluation of anaesthetist-specific feedback on patients' quality of recovery. *Euroanaesthesia*, 1–4 June 2013, Barcelona.
- Arnold, G., Chironga, N., Benn, J., Riley, C., Sacks, M. & Stonell, C. (2010) Monitoring Quality of Peri-operative Care Using Statistical Process Control Methods. Abstract presented at The Association for Perioperative Practice (AfPP) Annual Congress and Exhibition, 14-16 Oct, Harrogate, UK.
- Riley C, Benn J, Arnold G, Stonell C (2011). A continuous quality improvement approach to enhancing patients' experience of transitions of care in the post anaesthetic care unit. Abstract presented at the BMJ International Forum on Quality and Safety in Healthcare, Amsterdam.
- Wei I, Arnold, G, Riley C, Chironga N, Benn J (2011). Development of a system for continuous quality monitoring, feedback and improvement in anaesthetic services. Poster presented at the Patient Safety Congress 2011, 16-18 May, Birmingham, UK.

- Benn J, Wei I, Chironga N, Riley C, Arnold G (2011). Continuous monitoring and feedback of anaesthetic quality indicators. Abstract presented at The Association for Perioperative Practice 47th Congress and Exhibition, 19-21 Oct, Bournemouth, UK.
- Wei I, Arnold G, Chironga N, Benn J (2011). Continuous monitoring and feedback for perioperative quality indicators. Poster presented at the Association for Perioperative Practice 47th Congress and Exhibition, 19-21 Oct, Bournemouth, UK.
- Benn J, Wei I, Chironga N, Riley C, Aleva F, Arnold G (2012). Development of a process for continuous monitoring and feedback of perioperative quality indicators. Poster presented at the BMJ International Forum on Quality and Safety in Healthcare, 17-20 Apr, Paris, France.
- Benn J, Arnold G, Wei I, Riley C, Chironga N, Aleva F, et al. (2012). Using quality indicators in anaesthesia. Abstract presented at the Royal College of Anaesthetists Anniversary Meeting, 14-15 Mar, London, UK.
